## E-Commerce and Online Business Management program

The E-Commerce and Online Business Management program is designed to teach students how to conduct business online as well as build a strong digital presence. Throughout the program, students will use industry-standard software, preparing them for a number of roles within the digital marketing and e-commerce sectors.

Modules on the program include: Starting an Online Business, Social Media Management, Online Promotion and Digital Advertising, and Business and Sales Presentations.

## Audio and Video Post-Production program

The Audio and Video Post-Production program will help you to bring your ideas to life through the medium of film. Through highly-specialized training, delivered by industry experts, you'll learn core skills in the areas of Foley, automatic dialogue replacement, sound editing and mixing as well as video editing.

Modules on this program include:  
The Post-Production Industry, Music in Video: Practical Analysis, 3D Animation and Digital Overlay Graphic Design.

Program	Tuition	Tuition After Grant CAD\$
